hit the ground running in 2010!

It's not time for the church to be lax or lazy in this New Year. New challenges are coming on many levels and we must answer the challenge!

Pat Robertson on the 700 Club said this week about the outlook for the New Year, "only a revival can save America".

Prayer Revival is aggressively taking it to the devil for the New Year. Jan 18-22 all our hearts will be focused on the Lord as we meet each night at 7:00pm. Don't miss this time, it is integral if you are to be victorious in 2010.

Faith is the key word for this New Year. Faith is never about where you are but where you are going! Faith is just a focus, look at the Lord and you have it, look at your circumstances and down you go! All of us would have a great year in 2010 if suddenly all our problems were solved, but faith would die, because without conflict you don't need it. Only through faith do you show God who you are, only through faith can you please Him!

Peter didn't ask how deep the water was when the Lord said, "come". He acted simply on the word of Jesus. With faith the size of the problem is not the problem. You can drown in 10ft. of water or 100ft. of water. The depths, size and scope of your problems are not a problem to faith if you have it. A cough or cancer, the same God heals both!

Peter leaped by faith and walked on impossibility by faith. It wasn't until he took his focus off of Jesus that he went down. Some of us are specialists in wave action, water depth; we stare so intently at the problem. Jesus can't be seen 10ft. away. Now pick your head up this New Year and determine to become a person of faith.

I trust you are already a part of the fasting army that pledged last week for the next 3 months. These kinds of exercises produce great power and believe me it is coming for those willing to pay the price!
