

Starting the year in power with the **WORD!**

The Lord has laid upon me such a burden for us to be people of the Word this year. If many of us survive spiritually this year, it will be because we spent more time in the Bible.

We have "through the Bible in a year brochures" for any of you to pick up, if you want to stay on track for the year. Fifteen minutes a day is all the time it takes, and the difference will be immense!

Pastor Chambers

**Resume
Choir, Royal Rangers, &
Missionettes

\$120.00 ea.**

Theme....."Momentum"
See Steve Baker if you are going

Faith: is speaking what you desire God to do..

Faith: never lives in the present it sees and embraces the future.

Faith: is the only thing that pleases God!

Faith: is the one trait that humans don't have naturally, it is why God chose it as a sign that we belong to Him!

Faith: is the victory, the only victory that overcomes the world!

Faith: without it there is no pleasing God!

Faith: is so powerful that even if it is as small as a mustard seed it can move a mountain. Don't underestimate yourself, you're a giant killer and the devil knows it, awaken the faith in your life this year and go for it. Let 2010 be the year the giant falls!

Faith: is based in love and grows strong out of love that increases.

Faith: comes to us two ways, by hearing the Word of God and by praying in the Holy Ghost!

Faith: is calming and peaceful, when the disciples were panicking in fear of losing their lives on the sea, Jesus said, "where is your faith"? He is still asking the question today.

Faith: rejoices in what can't be seen, touched, or felt. It never looks at present circumstances or pressures.
