

The 3 Battle grounds!

Below is an excerpt of this teaching beginning Thursday nights on Feb. 11th at 7pm for men only in auditorium.

*“Removing Satan’s access to the carnal side of human nature” is what goes on in the invisible world of the spirit. Jesus predicted accurately that Peter would deny him three times. Anyone looking at Peter’s actions that night would have concluded his denial was a manifestation of fear. **Yet Peter was not fearful by nature.** This was the disciple who a few hours earlier drew a sword against the multitudes who had come to arrest Jesus. It was not human fear that caused Peter to deny the Lord. **Peter’s denial was satanically induced.***

Behind the scenes Satan had demanded and received permission to sift Peter like wheat. Satan had access to an area of darkness in Peter’s heart. Pride caused Satan’s fall, and pride was the very same darkness Satan was using to cause Peter’s fall. Satan did not have a right to indiscriminately assault and destroy Peter. He had to secure permission from Peter’s Lord before he could come against the apostle. But the

fact is, the devil demanded permission...and he received it.

***Peter’s husk nature** was presumptuous and proud. His initial successes had made him ambitious and self-oriented. God can never entrust His Kingdom to anyone who has not been broken of pride, **for pride is the armor of darkness itself.** “*
