

## *the perfect man*

This was Job's testimony. In God's eyes he was perfect and upright. How many people are consumed with pleasing God? Most of us live closer to people than we do to God and it shows.

Let me list for you what will make you a big shot in God's eyes!

\*Job feared God- the Bible is clear, "by the fear of the Lord men depart from evil." We all need a sermon on hell every once in a while to scare the devil out of us.

\*Job stayed away from evil- the latest Gallup poll shows the lifestyles of the Christian and non-Christian to be identical. Something is wrong here, evil has been renamed and everybody is doing it.

\*Job consistently prayed- faithfulness is high on God's favor list. He holds in high esteem those who, out of love, choose to walk with Him!

\*Job's life was focused on others not self- it says he prayed for his children regularly. His concern, his eyes, and his heart was on other's needs not his own. This also is a biggie with God. Since He gave his son in sacrifice, He likes it when we act like Him!

\*Job didn't try to control his family except through prayer. If we talked to God half as much as we do to others we are trying to control, we would see fantastic results. Until we by faith

turn it all over to God we are just fooling ourselves as to where we are in the battle!

God bless the church. Follow these principles and watch a big smile appear on God's face!
