

## **A Circle or a Path**

**As God's children we are set upon a path. The path of righteousness, the "narrow path" that leads us to heaven. We are not going in a circle. This concept is what Paul called, "doctrines of devils". Most of the religions of the world believe life is a circle, constantly coming back in repeated lives till we get it right. This is why India has whole temples dedicated to the worship of rats. Tens of thousands live there and devotees come to worship daily, it could be your relative who died and came back!**

**When God is happy with us He keeps us on the path. Each one of us has a path of righteousness that God has laid out for us. God expects us to keep moving on it. This means we see and experience new things in God, new victories, new peace, love, and growth. It means we are not struggling this year with the things from last year because we have moved on the path!**

**This path like all journeys has a destination! Someday we will all arrive, Heaven is our home. Everyday we live we are closer to it. Not only that but the promises along the way that God has made to us individually, we are closer to those too! So why should you be discouraged saints, you are on this wonderful journey with God! Look at the sign posts along the way and rejoice**

**because you are moving forward one day at a time!**

**Circles are also in God's economy, but generally not in a good way. When Israel stubbornly refused to believe, God put them in a circle going nowhere till all the unbelief was dead. If you are tired of the journey, you see nothing new, you battle the same stuff, and maybe you're going in circles. It's not God's idea; it's our own will that won't cooperate!**

**I don't know about you, but I am determined to grow and go to new places. More purity, more love, more perseverance and new blessings point us in the right path. I stubbornly refuse to stay with the same trouble, allowing it to cause the same reaction year after year. If God doesn't move it then I am going to move on to new peace!**

**Let this be your determined mind! Let's go on to new victories this year!!**
