

The Greatest Need of the world is Jesus: the greatest need of the church is the Holy Ghost!

Without the Holy Spirit, the church is dead, flat, lifeless, and no ability to see change in a world it was sent to evangelize. Jesus' last words on this earth were a command to go and wait on the promise of the Holy Spirit. Last words are important words and they were not a suggestion but a command.

So the great risk of the church is to make sure it takes the Holy Spirit wherever it goes. This Sunday morning I will be preaching a special message on the Holy Spirit and everyone who desires it will be prayed over for power!

Sunday's message will include:

- * The "one" requirement for receiving the Holy Spirit.
- * Also how we see Jesus by receiving the Holy Spirit.
- * No more doubts, "you in me and I in you".
- * He will do in my absence what I would do
