

Bananas growing on telephone poles

I heard Joyce Meyer say, "God will take care of his children, if he has to grow bananas on telephone poles." I laughed when I heard it and then thought that is what God does all the time.

Israel ate "manna" which means "what is it". This bread from heaven just grew on the ground. This was a banana growing out of a telephone pole, that fed 2 million people a day.

Aaron's rod placed in the Ark of the Covenant budded, grew blossoms, and produced ripe almonds in one night. This also was a banana growing out of a telephone pole. He displayed His power to show Israel He was with Moses and Aaron when others challenged their authority.

God does not move in the logical rational reasonable realm. He is able to do abundantly above all we can think or ask. Take the limits off of God, dare to be bold, ask for the irrational the impossible. I heard Joyce Meyer say that she asked God to help her reach every person on earth. It sounds impossible, but she already is

preaching to an audience that covers one third of the earth's population.

Have faith in God, pray and believe, ask and receive, don't be afraid. God loves for us to be bold in our approach. Faith opens a wide door go for it!!

Jesus Singing with us!

I had a meal with Bro. Tucker this week and shared with him about the sound we all heard two Sundays ago as the choir sang. He quickly turned to a scripture and said, "it was Jesus, he was singing with you." Hebrews 2:12 *"I will declare your name to my brethren in the midst of the assembly I will sing praise to you."* This is a quotation from a messianic prophecy in Ps.22:22 which shows how the spirit of Christ fills the New Testament church. Jesus identifies himself so closely with His people that he enters into songs of worship with them.

So saints, be encouraged God is with us. Jesus is joining us! Our singing and worship is pleasing to Him.
