

One good reason why your Sunday should start at 9:30am, not 10:30am!

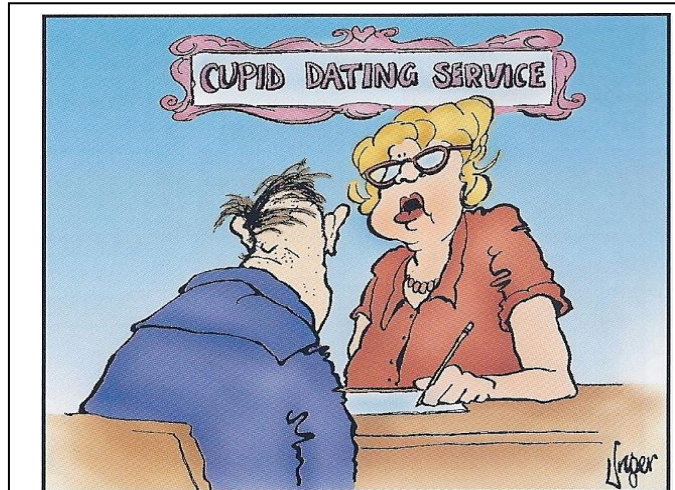

Max Jukes lived in the state of New York. He did not believe in Christian training. He married a girl of like character. From this union they had 1,026 descendants. Three hundred were sent to the penitentiary for an average of thirteen years each and 190 were public prostitutes. There were 100 drunkards, and the family cost the state of New York \$1,200,000. They made no contribution to society.

But . . . Jonathan Edwards lived in the same state. He believed in Christian training. He married a girl of like character. From this union had come, at the time of this research, 729 descendants. Out of this family have come three hundred preachers, sixty-five college professors, thirteen university presidents, sixty authors of good books, three United States congressmen, and one vice president of the United States; and except for Aaron Burr, a grandson of Edwards who married a woman of questionable character, the family has not cost the state a single dollar.*

Whether for yourself to learn or your children, growing in the knowledge of God is vital. See you on Sunday at 9:30am!

*Why I believe the Bible is the Word of God, by Phyllis Robinson

"In describing your 'appearance,' I'll just say you're looking for a short-sighted girl with a sense of humor."

in spite of our
short-comings?**
