

TESTIMONY SPOTLIGHT

Sally Mariner

Last Sunday night Pastor called the choir to come up to help pray with the people in the prayer line. As we lifted our hands and started praying in our heavenly language I felt the Holy Spirit so heavy on me that I could hardly lift my hands. When I walked down to be prayed for, He filled me with so much Joy and Laughter. I started jumping and dancing in the Spirit. He kept filling me with laughter that I couldn't stop laughing and my stomach and ribs felt like they were going to explode. I have never laughed so hard in my life, I could not contain it. God is so good and faithful. You see, I have been living in the hospital for two weeks and have been feeling down and heavy burden for my daughter, Deborah Mariner and many other situations in my life. I've had pity parties about circumstances in my life on a daily basis all week. Sunday night God lifted my burdens, lifted my head and filled me with so much Joy and Laughter that I can look at my circumstances and laugh because I know God has and always will take care of it all! I've heard people say, "laughter is a medicine". I can testify this is true. 😊 I am so grateful for the moving of the Holy Spirit in this church and for Pastor and all the saints that have been standing in the gap on behalf of my daughter and family. Thank you.
