

Knowing the timing of God.....

“that very hour the word was fulfilled concerning Nebuchadnezzar,” and we read again in the next verse, “and at the end of the time I, Nebuchadnezzar lifted up my eyes to heaven.”

Both of these verses in Daniel 4 show us the precise timing of God. Indeed 2011 is under His control and direction.

We cannot slow down God’s clock, neither can we speed it up. Our goal is to release time to Him, knowing He moves in perfection. The bread never knows when it’s done, only the baker does!

I do believe we can know seasons with God and the Holy Spirit will impress upon us the urgency of the hour. Many times we sense in prayer that God is ready to move and needs our cooperation to effect the change.

The prayer revival was a wonderful outpouring of God’s spirit preparing us for the New Year! Whatever you have been believing for, know this, you are closer now than ever, and we know that God always keeps His Word!

God bless you all,
Pastor Chambers
