

## 1% the percentage of victory!

When God got through with reducing Gideon's army, 1% is what he was left with. Gideon didn't panic with 300 men down from 32,000. He had already proved God in a test that showed that God was with him.

God delights in making things small and weak just before He displays His power. 2/3rds left the upper room before the Holy Spirit fell. The purpose is so that no flesh can glory in His presence, so God gets all the credit. You might feel weak and small in your own fight of faith right now, but take courage; you are very close to your breakthrough.

Also this principle works for our advantage. When we are weak and without strength we fully depend on God, which releases us into faith and receiving from Him. We don't really trust God till we run out of our own strength.

So be encouraged today in your fight of faith. God is carefully monitoring all that is touching you. Release the battle to God and just trust Him to make a way. You will see things breakthrough very quickly. 1% is the winning number with God!
