

Witchcraft=Control

I recently heard a man who was a self confessed witch say, "I can see spirits and I tell them what to do and they do it." I shuddered as I realized how deceived this man was. Also I realized that control is the issue. Eve wanted to control her own destiny apart from God and she ate the forbidden fruit. Today we still want control. Pride is the desire for one to control another. When things don't go our way we get angry because we have lost control over the person or the situation.

God wants his children submitted and obedient. The natural man wants to control and steer our own life. This is the tension created in our lives. The more submitted we can be the happier our lives will be. We are not only to submit to God but to one another. Submitting ourselves to one another in the fear of the Lord brings God's presence. To prefer your brother before you is the essence of the Spirit of Jesus.

God help us to yield to God even though we don't like the direction He is taking us so we can truly be blessed and happy!
