

# ***attitude=altitude***

As long as the eagle keeps the leading edge of his wings up, he can ride thermals as high as 20,000 feet. If the eagle gets the leading edge of the wing slightly downward however, then the power of the wind becomes his enemy and pulls him to his death!

So it is true with our Christian life, attitude in the storms of life means everything. When you lift up your head, your heart and your voice to God, storms push you higher.

God testified about Abraham's faith when offering Isaac, "you did not begrudge giving me your son". This verse in the amplified Bible **shows not only the obedience of Abraham but his attitude!**

To grudge means; "to give reluctantly". Abraham's attitude was bright and full of faith on the day he offered his son on an altar. He fully believed he would kill him and God would raise him up from the dead, and he was not hesitant or worried about doing it.

Oh when will we reach this place? God wants joy in serving Him. He wants a cheerful giver. He wants us full of hope no matter what He asks of us.

James says, "Count it all joy when you fall into various trials, knowing trials produce patience". And patience is perfection. Once again it is all about attitude. Your attitude belongs to you and nobody can make you have a bad one, and nobody can make you have a good one. A person with a good attitude does not have it because they **have** the best of everything in life, but because they **make** the best of everything in life. And you can too, lift up your head, see the goodness of God and start enjoying your life!
