

slave or free?

Horace Greeley said, *"it is impossible to mentally or socially enslave any people who read the Bible."*

Like it or not the steady stream of information that comes to us day by day molds our thinking about right and wrong, acceptable and unacceptable. Say it long enough and people accept it as truth. Political correctness and Hollywood's morality put the squeeze on what you believe and accept as normal.

Jesus even said the day would come when those who kill you will think they did God a service. This kind of twisted thinking comes because people gradually left the Word behind, all the more reason to take your Bible down daily and read its words. There is no morality outside of God's definition, there is no right except God's "right".

If we leave the pages of the Bible we leave God in the dust and head towards destruction. The Bible is a lamp to your feet and a light to your pathway. It will keep you from sin; it will keep you thinking right about your life and what it means. The Bible will cause you to live your life in the light of eternity instead of the here and now.

God's Word is quick, sharp, and powerful. It cuts to the quick. It is a weapon in the mouth of the believer. Keep your focus on the Word, read it, meditate in it. It will keep you free!

The end is near! No it didn't happen May 21st but it's close

If you spent personally 1.37 million dollars a day everyday for 365 days, in 200 years you would spend a billion dollars. To pay back the national debt of 1.6 trillion dollars at the same rate would take 28,000 years!

The latest poll shows that 40% of the pregnancies in New York end in abortion. We have now killed between 40 and 50 million babies in this country!

When will it come?..... soon!
