

why Sunday night?

It seems like we are increasingly among the few who hold to two church services on Sunday. But I firmly believe God honors us in special ways when we make the extra effort:

***Last Sunday night** a new convert was powerfully filled with the Holy Spirit in the service.

***The anointing is different**, there are insights and revelations that are given in these night services

***The Lord often gives** me messages with more insight, deeper things for "meat Christians".

***Take the 30 day challenge.** Attend the next four Sunday nights and see for yourself. Your growth your peace and joy will increase!

Whatever you have been doing for the hour and half on Sunday nights, cannot even touch the significance of what giving that time to God will reap for you!

God bless you all,

Pastor Chambers
