

If the Lord would make windows in heaven, might this thing be?

The story is dramatic. Elisha had just prophesied in 1Kings 7 that by the same time tomorrow grain and food would be plentiful. Israel had been under siege for months. The Syrian army was starving them out. **The situation was so desperate one woman had killed and eaten her own child.**

So you can imagine the shock when Elisha prophesies abundance in the face of such starvation. **4 lepers sitting outside the gates decided to go to the Syrian army and throw themselves on their mercy**, maybe they would have compassion and give them some food. God caused the army to hear the mighty thunder of horses and men running to battle. In panic the whole army fled leaving the bewildered lepers with the whole camp.

The Word of the Lord came true, it always does! I encourage you if God has spoken something over your life, hold on to it, **and even if it is to your last breath, believe that God will keep His Word!**

*When Elisha spoke the word nothing had changed! Nothing visceral to make anyone think otherwise. **Only the Word was given.**

*We need to turn our hearts in faith to God believing anything is possible. We need to say, **“God has made windows in heaven and this thing will be.”**

All of us need the supernatural windows to open, and they will when we believe and say it! **God is not at a loss, he is not without supplies, and there are no shortages or lack with Him!**

He is just looking for someone to believe. So the most impossible situation in your life right now, the one that is so hopeless you haven't even bothered praying over, bring it before God with faith and believe all things are possible to those who believe!
